

CURRICULUM VITAE

Personal information

First name/Surname: Anna, Teresa MAZZEO

Born in Messina January 8th 1968

PROFESSIONAL EXPERIENCE

Actual position: Associate Professor of Anesthesia and Intensive care, Dept Adult and Pediatric Pathology, University of Messina

Previous academic positions:

2012-2019: Assistant Professor of Anesthesia and Intensive care at University of Torino

2002-2012: Assistant Professor of Anesthesia and Intensive care at the University of Messina

EDUCATION AND TRAINING

1986: Classic Diploma in Messina, with full marks

1992 Graduated School of Medicine, University of Messina, with full marks and honors

1992-1996 Residency School in Anesthesia and Intensive care. University of Messina, with full marks and honors

2004-2005 Research Fellowship in "Neurological Surgery and Neurointensive Care Monitoring" at Neuroscience ICU of Virginia Commonwealth University. Richmond, Virginia, USA. She experienced in the intensive care treatment of neurological critically ill patients and in the use of several neuromonitoring tools: microdialysis, oxygenation, perfusion, electrocorticography

UNIVERSITY STAGES

August 1991 Department of Surgery, Uppsala Universitet, Uppsala, Sweden

August 1992 Unidad Reanimation, Hospital General Gregorio Maranon, Madrid

July 1994 Servico Anestesia, Hospital Santa Maria, Lisboa

July 1995 Department Anesthesia & Intensive Care, Royal Brompton Hospital, London

December 2006 Neuroreanimation, Hopital Pitie-Salpetriere, Paris

July 2008 Visiting Professor University of Miami, USA

July 2011 NeuroIntensive Care Unit. University of Miami, USA

July-August 2012 NeuroIntensive Care, University of Miami, USA

MAIN AREAS OF INTEREST:

Neurointensive care, neuromonitoring, microdialysis, brain death, organ donor management, intra-hospital emergencies, acute respiratory distress syndrome, extracorporeal membrane oxygenation, ex vivo lung and liver perfusion.

MAIN RESEARCH FUNDINGS

2016-19 Funding of 69.384,00 euro Bando San Paolo for research project Acute neurocardiogenic injury in Piedmont Area (as Principal Investigator)

2016 Funding for research project Unito International. Endocrine dysfunction and pituitary autoimmunity during the acute phase of acute brain injury: A transforming research in neurocritical illness (as Principal Investigator)

2007-09 Project CIPE-MIUR DM 45602 "Modello di diagnostica molecolare integrata e terapia mirata non farmacologica in neurooncologia (Brain Unit)" (as participant).

2011-12 Responsible for Intensive Care area of International Project in training with simulators.
Dies Research S.r.l.,Decreto Rett Messina University

PRIN 2002: Impiego in terapia intensiva di tecnologie avanzate con particolare riferimento alla microsensoristica per il monitoraggio dei pazienti con grave trauma cranico(as participant, University Messina, PI Santamaria)

PRIN 2004: Impiego in terapia intensiva di tecnologie avanzate con particolare riferimento alla microsensoristica per il monitoraggio dei pazienti con evento cerebrovascolare in fase acuta (as participant, University Messina,PI Praticò)

PRIN 2017: Hypercapnic respiratory failure: the role of lung dialysis to change the natural history of chronic obstructive pulmonary disease (as participant, University Torino PI Ranieri)

FUNDING FOR LOCAL RESEARCH AT UNIVERSITY OF TORINO AS PRINCIPAL INVESTIGATOR

2018: Funding 1.530 euro

2016-17: Funding 7.840 euro

2015: Funding 1632 euro

2014: Funding 3.023 euro

FUNDING FOR LOCAL RESEARCH AT UNIVERSITY OF MESSINA AS PRINCIPAL INVESTIGATOR

2002- Ruolo del solfato di magnesio nel trattamento intensivo del paziente con emorragia subaracnoidea

2003-Ruolo del monitoraggio transcutaneo della pO₂ nell' identificazione del paziente con sindrome epato-polmonare in una popolazione di pazienti con epatopatia cronica

2004-Trauma cranico grave e disfunzione immunitaria: correlazione con incidenza di infezione, durata del ricovero e outcome

2005-Ruolo della NIRS nel monitoraggio postoperatorio del paziente neurochirurgico.

2006-07 Monitoraggio neurochimico cerebrale attraverso l'impiego della microdialisi, durante asportazione chirurgica di gliomi

2008-09-Monitoraggio perioperatorio della funzione renale durante interventi neurochirurgici in anestesia totalmente endovenosa.Ruolo dell' NGAL

Dr. Mazzeo is highly experienced and very well published in the field of neurocritical care. She maintains collaborations with international research groups and she is invited as speaker to many international conferences in the area of neurocritical care.

EDITORIAL ACTIVITY

Editors of international 78-chapters Book by Oxford University Press: "Brain death, Organ donation and transplantation. How to make real all over the world the immense gift of a new life", 2021 in press. Editors AT Mazzeo,D Gupta (India). Main world leaders in the field of organ donation and transplantation contributed to this book

2020-today Member of the Neurocritical Care On Call Editorial Board

2013-today Associate Faculty Member di F1000Prime

Reviewer for >15 Journals in Anesthesia and Intensive care

AWARDS

- Synthes Award for resident research on brain injury: Effect of cyclosporin A, topiramate, or 100% oxygen as proposed neuroprotective therapies on the neurochemical analytes in patients with severe traumatic brain injury

- Appreciation Certificate as part of clinical and research Team at separation of Craniopagus Twins at All India Institute of Medical Sciences, New Delhi India 25/10/2017
- Component Scientific Committe International Study: Right Median Nerve Electrical Stimulation for acute traumatic coma: Design and methods of an Asia-wide multicenter randomized controlled trial (the ACES trial), a prospective, Asia multicenter randomized controlled trial" Shanghai Institute of Head Trauma, Prof. G. Gao 2016

INTERNATIONAL SCIENTIFIC COLLABORATIONS

- Prof. Ross Bullock, NeuroICU, University of Miami (USA)
- Prof Iolanda Russo Menna, Anesthesia. Virginia Commonwealth University. Richmond, USA
- Prof Deepak Gupta, Neurosciences Centre. AIIMS, New Delhi, India
- Faculty Member (2006, 07, 11) Summer School in "Neuroanatomy and Clinical Neurosciences", Virginia Commonwealth University-Unime

TEACHING RESPONSIBILITIES AT PHD COURSES AT UNIVERSITY OF MESSINA

2010-11 PhD Program:Ricerca clinica e traslazionale nella terapia intensiva della sindrome cardio-renale e del trapianto di rene
 2008-09 PhD Program:Nuove tecnologie per il monitoraggio delle funzioni vitali in Terapia intensiva
 2007-08 PhD Program:Scienze Nefrologiche dell'Invecchiamento e della Chirurgia Vascolare

TEACHING RESPONSIBILITIES AT UNIVERSITY OF TORINO, AS PROFESSOR OF ANESTHESIA AND INTENSIVE CARE

2015-19: Teaching Coordinator-Medical Sciences-Dental School
 2012-19: School of Nursing TO
 2015-19: Teaching Coordinator Emergency, School Radiology Technician, TO
 2015-19: Teaching Coordinator Emergency, School Radiology Technician, CN
 2012-13: School Nursing, Ivrea
 2012-14 School Nursing, TO
 2013-19: Residency School Anesthesia and Intensive Care
 2015-19: Residency School Orthognathodonty
 2015-19: Residency School Dentistry
 2016-19: Residency School Neurosurgery
 2016-19: Residency School Otolaryngology
 2013-16: Residency School Rehabilitation
 2014-15 Residency School Orthopedics

TEACHING RESPONSIBILITIES AT UNIVERSITY OF MESSINA, AS PROFESSOR OF ANESTHESIA AND INTENSIVE CARE:

2002-12 School of Medicine, Emergency
 2006-12 School of Physiotherapy
 2006-12 School Technicians Radiology
 2006-12 School Nursing, RC
 2003-12 Residency School Anesthesia and Intensive care
 2006-12 Residency School General Surgery
 2009-12 Residency School Radiology

DEPARTMENT FUNCTION

2011-12 Representative of Assistant Professors at Department of Neuroscience, University of Messina.

CLINICAL COMPETENCIES

1996-today Clinical anesthesiologist and intensivist, always at University Hospitals, Academic Centers, Policlinico Universitario Messina (1996-2012), AOU Citta' della Salute e della Scienza di Torino, Molinette (2012-2019). Policlinico Universitario Messina (2019-today).

She experienced in the anesthesiological perioperative management of general and specialty surgery. She experienced in the management of neurocritical patients, neuromonitoring and intra-hospital emergencies.

2012-2019 Intensivist at University Molinette Hospital in Torino, center for excellence in acute respiratory distress syndrome, extracorporeal membrane oxygenation techniques, and transplant activities.

Scientific Affiliation:

ESICM, ESA, NCC, SIAARTI

COMMISSIONER UNIVERSITY COMPETITIONS

For Assistant Professor Anesthesia, University of Rome Tor Vergata 2007

For Assistant Professor Anesthesia, University of Milano Bicocca 2008
