

PERSONAL INFORMATION

Serena Savoca

serysavoca@gmail.com

Sex Female | Date of birth

| Nationality

POSITION

PhD student in Applied Biology and Experimental Medicine

EDUCATION AND TRAINING

02/05/2019–15/11/2019

Visiting PhD student

University of Zagreb. Faculty of Veterinary, Department of Fish Biology and Pathology, Zagreb (Croatia)

Training in pathology of farmed warmwater fish

01/10/2017–Present

PhD student in Applied Biology and Experimental Medicine:
Curriculum Biology and Environmental sciences

University of Messina. Department of Chemical, Biological, Pharmaceutical and Environmental Sciences, Messina (Italy), Messina (Italy)

17/12/2016–30/09/2017

Laboratory of Microbial Ecology

University of Messina, Messina (Italy)

Study of microbial community associated with antarctic sponge and their biotechnological potential.
Training on microbiological base techniques, preparation of culture media, maintenance of cell cultures in monolayer and in suspension, acridine orange, extraction of DNA and RNA, separation of nucleic acids on gel of agarose, extraction of protein from cell preparations, purification and quantification, SDS-PAGE, WESTERN BLOTH, coloration DAPI e FISH, PCR, purification of nucleic acids, thermal shock lysis, DGGE.

15/09/2016–15/12/2016

Erasmus Placement

University of Valencia, Department of Environmental Microbiology, Valencia (Spain)

Field work and water sampling in selected aquatic ecosystems.

Samples processing for fluorescence in situ hybridization (FISH).

Optimization of fluorescence in situ hybridization (FISH) from selected probes.

Microscopic analysis (microphotography of all project samples).

Image analysis and counts of FISH preparations.

Skills in field sampling techniques and processing methods for collected samples. Probe design for FISH (bibliography work and use of databases and specific software as Image-Pro Plus). Microscopic techniques for visualization of in situ hybridization preparation by epifluorescence microscopy. Techniques of image analysis for the processing of photographies obtained by epifluorescence microscopy.

06/10/2014–21/07/2016

Master of Science in Marine Biology and Ecology of the Coastal Marine Environment

EQF level 7

University of Messina, Messina (Italy)

Thesis: Cultured bacteria associated with Antarctic Sponges

boarding on Laboratory of Virology from 01/06/2015 to 01/02/2016

Boarding on Laboratory of Microbial Ecology from 02/02/2016 to 21/07/2016

01/10/2008–21/07/2014	Graduated in Natural Science University of Palermo, Palermo (Italy) Thesis: Evolution of Y chromosome from <i>Pan troglodytes</i> to <i>Homo sapiens</i>	EQF level 6
01/11/2009–01/10/2010	National Civil Service Onlus Unione Italiana Ciechi e Ipovedenti, Palermo (Italy)	
10/09/2002–14/07/2007	Linguistic Secondary School Liceo linguistico Provinciale di cultura e lingue "Ninni Cassarà", Palermo (Italy)	EQF level 4

WORK EXPERIENCE

09/10/2018–Present	Ecology Lecturer University of Messina. Department of Chemical, Biological, Pharmaceutical and Environmental Sciences, Messina (Italy)
2017–Present	Tutoring activities University of Messina. Department of Chemical, Biological, Pharmaceutical and Environmental Sciences, Messina (Italy), Messina (Italy) Tutoring activities for bachelor and Master thesis elaboration and programmation. Support activities for high-school, bachelor and Master students orientation in the academic world.
10/07/2017–17/07/2017	Biologist University of Messina, Messina (Italy) Project ArBioMe Second Biological and Archeological research campaign in the Strait of Messina. Research using MultiBeam system, Side-scan sonar system, video monitoring with ROV (Remotely Operated underwater Vehicle) and Triton submarines. U-Boat Navigator. http://u-boat.com.mt/u-boat-navigator/ Business or sector Oceanographic Campaign
30/05/2017–06/06/2017	Biologist University of Messina, Messina (Italy) Fish sampling for microplastic research in the Tyrrhenian Sea. Boat - G. Dalla Porta IAMC-CNR Business or sector Oceanographic Campaign
25/03/2017–01/04/2017	Biologist University of Messina, Messina (Italy) Project Venus 4

Water sampling with Rosette and multi-parametric profilator for microbiological analysis.

Boat - Minerva 1

Business or sector Oceanographic Campaign

20/02/2017–24/02/2017 Biologist

University of Messina, Messina (Italy)

Sampling with Benna Van Veen for sediments characterization for the dredging of the Ortona port.
Ortona Port, Pescara (Italy)

Business or sector Oceanographic Campaign

01/08/2015–18/08/2015 Biologist

University of Messina, Messina (Italy)

Project ArBioMe

Biological and Archeological research campaign in the Strait of Messina. Research using MultiBeam system, Side-scan sonar system, video monitoring with ROV (Remotely Operated underwater Vehicle) and Triton submarines.

U-Boat Navigator.

<http://u-boat.com.mt/u-boat-navigator/>

Business or sector Oceanographic Campaign

PERSONAL SKILLS

Mother tongue(s) Italian

Foreign language(s)	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken interaction	Spoken production	
Inglese	B1	B1	B1	B1	B1
Francese	A1	A1	A1	A1	A1

Levels: A1 and A2: Basic user - B1 and B2: Independent user - C1 and C2: Proficient user
[Common European Framework of Reference for Languages](#)

Job-related skills Microbiological basely techniques, preparation of culture media, maintenance of cell cultures in monolayer and in suspension, acridina orange, extraction of DNA and RNA, separation of nucleic acids on gel of agarose, extraction of protein from cell preparations, purification and quantification, SDS-PAGE, WESTERN BLOT, coloration DAPI e FISH, PCR, purification of nucleic acids, thermal shock lysis, DGGE.

Use of principal instruments for determination of water parameters and associated biological communities (zoobenthos, necton).

Detection and analyses of microplastic contamination in marine environment and organisms.

Digital skills

	SELF-ASSESSMENT				
	Information processing	Communication	Content creation	Safety	Problem-solving
	Independent user	Proficient user	Basic user	Independent user	Independent user

[Digital skills - Self-assessment grid](#)

Courses **8th International Course in Microbial Ecology**
"MICROBIAL METAGENOME ANALYSIS: HANDS-ON TRAINING"
12-16/06/2017
CNR-ISE, Verbania (Italy)

Next generation sequencing and bioinformatics: methods, tools and applications in basic research, clinical diagnostics and much more.

IRCCS Centro Neurolesi "Bonino Pulejo"

27/05/2016

- Certificazione** Certificate of attendance
Conference on "Innovazione delle biotecnologie nella ricerca scientifica".
SmartScience2017
26-27/01/2017
University of Catania (Italy)
- Certificate of attendance**
Seminary on "Approcci molecolari per lo studio delle comunità microbiche: biodiversità e funzione".
- University of Messina**
25/05/2016
- Certificate of attendance**
Conference on "l'Università di Messina e il Distretto Tecnologico Sicilia Micro e Nano Sistemi per lo Sviluppo di Micro e Nano Tecnologie e Sistemi Avanzati per la Salute dell'uomo: Risultati e Prospettive.
- University of Messina**
04/12/2015
- Certificate of attendance**
Scientific meeting "FORINNOVAQUA".
Formation for Technological Innovation in Aquaculture
- University of Messina**
21/10/2015
