

UNIVERSITY OF MESSINA
DEPARTMENT OF BIOMEDICAL AND
DENTAL SCIENCES AND
MORPHOFUNCTIONAL IMAGING

UNIME INTERNATIONAL MEDICAL
SCHOOL

FRESHMAN & BEYOND 2021

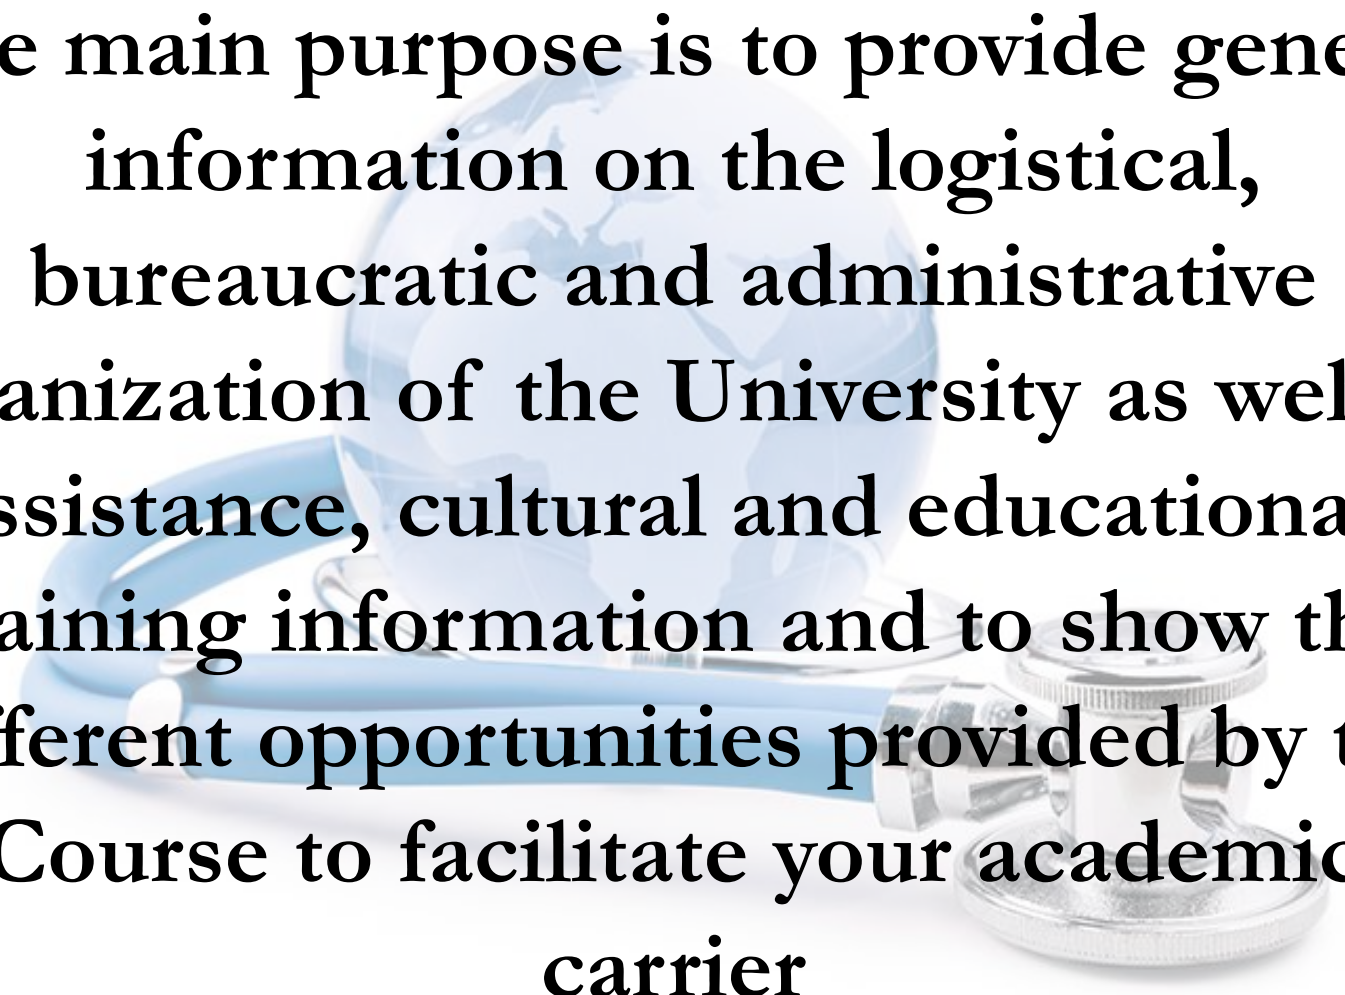

The event provides useful information to develop students' awareness for their next goals and to facilitate the regular continuation of their studies

*UniME-IMS: a
general overview*

**Prof. Giuseppe
Santoro**
*UniME-IMS
Coordinator*

The background of the slide features a light blue globe centered behind the text. A silver stethoscope is positioned in the lower right quadrant, and a blue pen lies horizontally across the middle of the slide. The entire scene is set against a light beige background with a thin white border.

The main purpose is to provide general information on the logistical, bureaucratic and administrative organization of the University as well as assistance, cultural and educational-training information and to show the different opportunities provided by the Course to facilitate your academic carrier

COVID-19
CORONAVIRUS

SPEAKERS

Prof. Giuseppe Santoro, *UniME-IMS Coordinator*
UniME-IMS: a general overview

Prof. Rodolfo Savica, *Department of Neurology, Mayo Clinic, MN, USA*
***From UniME to Mayo Clinic. An experience of excellence for
medical students***

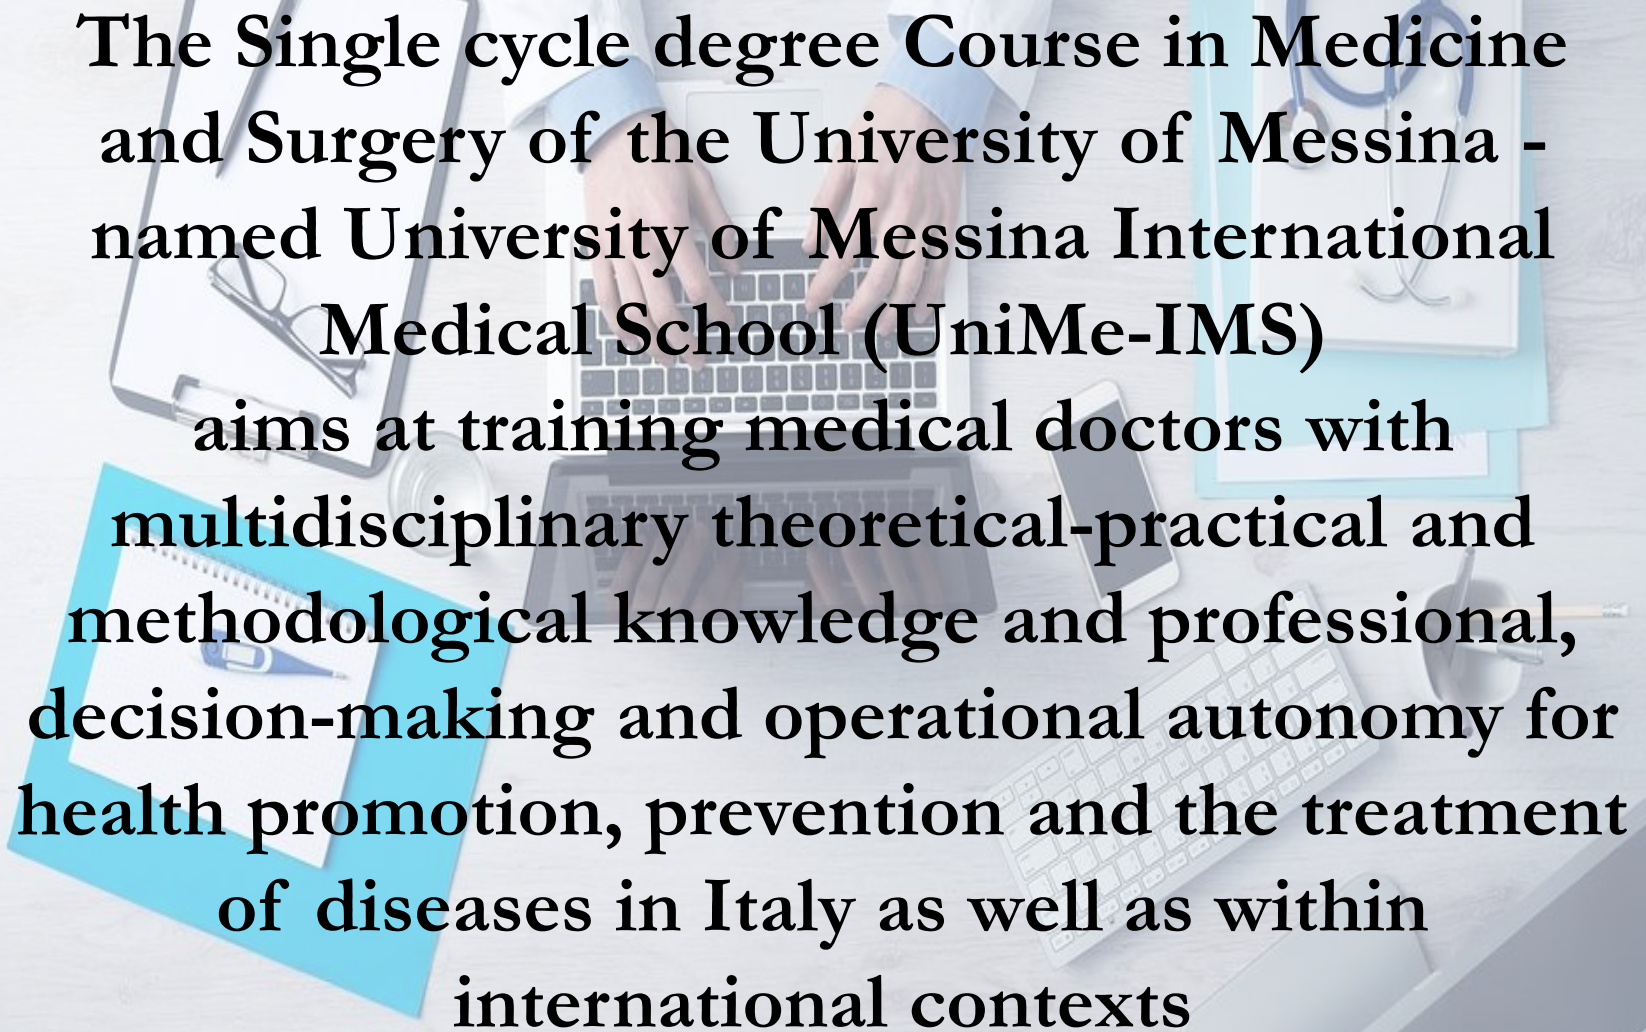

Mr. Giuseppe Lucchese, *Head of International Mobility Unit*
International Mobility: opportunities for student in Europe

Mrs. Simona Fazio, *International Projects Unit*
International Mobility: Extra – European mobility programmes

Mrs. Valeria D'Audino, *Head of Student Facilities and Rewards Unit*
Benefits & opportunities for UniME students

The Single cycle degree Course in Medicine and Surgery of the University of Messina - named University of Messina International Medical School (UniMe-IMS) aims at training medical doctors with multidisciplinary theoretical-practical and methodological knowledge and professional, decision-making and operational autonomy for health promotion, prevention and the treatment of diseases in Italy as well as within international contexts

**It also provides the
methodological foundations
of scientific research and the
methodological and cultural
bases for lifelong learning**

The course of study lasts six years which include altogether 360 European Credit Transfer System (ECTS), in accordance to current Italian and European legislation

73 ECTS are to be acquired through training activities aimed at the maturation of specific professional skills

The professional activities are essentially carried out in the Operative Units of the "G. Martino" University Hospital in Messina, where care and assistance to the patient are combined with teaching and scientific research, and in the studios of the General Practitioners

Order of Physicians, Surgeons and Dentists of the Province of Messina
Conference des Ordres des Medecins Euro Mediterranée

A microscopic image showing a large, spherical virus particle with a textured surface, surrounded by other cellular structures and smaller particles. The background is a light blue color with a bokeh effect of small, bright spots.

**THE VACCINATION CAMPAIGN FOR UNIME
STUDENTS OF HEALTHCARE**

<https://www.unime.it/it/node/106092>

It is possible to carry out training periods abroad at partner Universities both in Europe and outside the EU

<https://www.unime.it/en/cds/medicine-and-surgery/international-network>

INTERNATIONAL NETWORK

UniME has agreements with Higher Education Institutions around the world: <https://www.unime.it/it/international/accordi-network/accordi-e-network>

In addition, the Single Cycle Degree in Medicine and Surgery - Department of Biomedical Dental Sciences and Morphological and Functional Images - has signed the agreements with the following Institutions:

Cooperation Agreements

- [Mayo Clinic College of Medicine and Science \(USA\)](#)

- [MIE University \(Japan\)](#)
- [University of Rzeszów \(Poland\)](#)
- [Segretariato Italiano Studenti in Medicina](#)
- Conference des Ordres des Mediciens Euro Mediterranée

For further details about the Cooperation Agreements, please follow the link below:

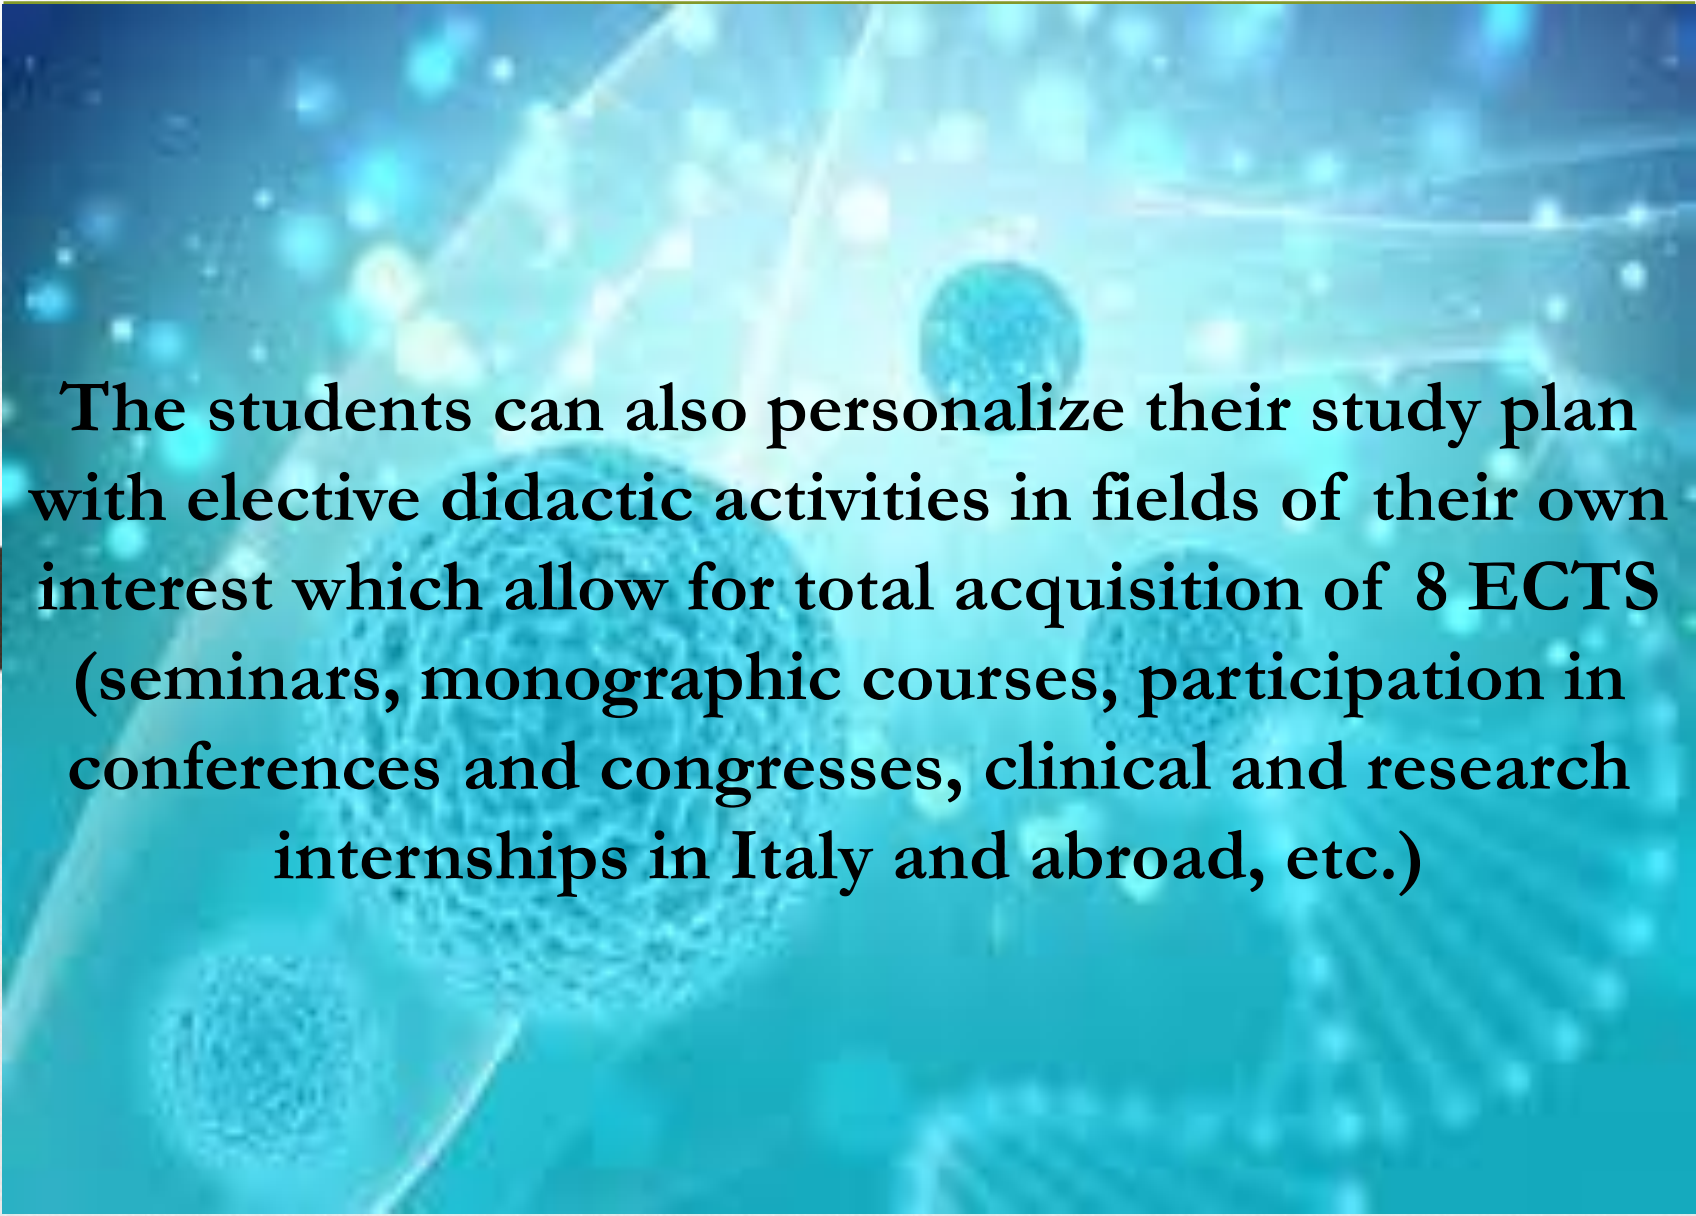

<https://www.unime.it/it/international/accordi-network/cooperation-agreements>

Erasmus Agreements

- [Universitat de Barcelona \(Spain\)](#)
- [University of Split \(Croatia\)](#)
- [University of Pécs \(Hungary\)](#)
- [Jagiellonian University Medical College \(Poland\)](#)
- [Universidad Miguel Hernández \(umh.es\)](#) (Spain)
- [Universidade NOVA de Lisboa | \(unl.pt\)](#) (Portugal)
- [Faculdade de Medicina - Universidade de Coimbra \(uc.pt\)](#) (Portugal)
- [Universitat de les Illes Balears \(https://seu.uib.cat/es/\)](https://seu.uib.cat/es/) (Spain)
- [George Emil Palade University of Medicine http://\(https://seu.uib.cat/es/\)](http://(https://seu.uib.cat/es/)) (Romania)

For further details about the Erasmus Agreements please follow the link below:

<https://www.unime.it/it/international/accordi-network/accordi-erasmus-ue>

The background of the slide is a vibrant blue with a soft, out-of-focus aesthetic. It features a central globe, likely representing Earth, surrounded by abstract light patterns, including bokeh effects and faint, glowing lines that suggest a digital or scientific theme. The overall composition is clean and modern.

The students can also personalize their study plan with elective didactic activities in fields of their own interest which allow for total acquisition of 8 ECTS (seminars, monographic courses, participation in conferences and congresses, clinical and research internships in Italy and abroad, etc.)

Internships in clinical departments or in research laboratories

Upon presentation of a request, the Council will evaluate (<https://www.unime.it/it/cds/medicine-and-surgery/interships>)

ENPAM

Students enrolled in the CdS in Medicine and Surgery who are attending the 5th year (in good standing or repeating) as well as the 6th year (in good standing or out of course) can enroll in the National Insurance and Assistance Body for Doctors and Dentists (Ente Nazionale di Previdenza e Assistenza dei Medici e degli Odontoiatri - ENPAM). By this way, they are immediately guaranteed by a social security and welfare coverage as if they had already been qualified, also obtaining an advantage on the contribution seniority. Registration is optional

and can be done at any time of the academic year. You can decide to pay the contributions immediately or at the time of qualification. For more information, please visit the official webpage: <https://www.enpam.it/comefareper/iscrizione-studenti/>

ATTENDANCE IS MANDATORY

The attendance records of each Integrated Course will be issued following the achievement of at least 75% attendance, as long as the hours attended for each discipline within the Integrated Course are not less than 50%

A faint, stylized illustration in the background shows a blue graduation cap (mortarboard) with a tassel, resting on a green diploma or certificate. The illustration is semi-transparent and serves as a decorative backdrop for the text.

The background features a stylized illustration of a graduation cap (mortarboard) in blue and white, positioned centrally. Below it, a green diploma is shown with a gold tassel. A fountain pen with a gold nib and a blue body lies across the bottom of the diploma. The entire scene is set against a light green background with a subtle pattern.
