--	-----	--

will carry out academic collaboration within the limits of the present project:

---

## Executive Protocol

---

*1. Description of the main goals*

The aim of the cooperation is to complete a scientific internship by dr hab. Agnieszka Lewicka-Zelent, prof. UMCS, Dr. Dorota Chimicz and Dr. Alicja Lisiecka at the University of Messina, who will serve the scientific development of both employees of the Institute of Pedagogy at UMCS and prof. Francesco Pira - employee of the University of Messina. The purpose of internship is also to promote cooperation between the Universities and establish the framework for intensifying and expanding this cooperation. Both mentioned academic teachers from UMCS plan to collaborate in research project surveys or forthcoming publications and establish joint organisation of scientific events (seminars, workshops, conference).

*2. Coordinators responsible for the management of the project:*

UMCS: Dr. Dorota Chimicz - [dorota.chimicz@mail.umcs.pl](mailto:dorota.chimicz@mail.umcs.pl), +48533998841

UNIME: Prof. Francesco Pira - [francesco.pira@unime.it](mailto:francesco.pira@unime.it) +390906766464

*3. Financing of the project*

The planned tasks will be financed from own funds of Dr. hab. Agnieszka Lewicka-Zelent, prof. UMCS, Dr. Dorota Chimicz and Dr. Alicja Lisiecka.

*4. Project is valid for the period:*

June-November 2023

*5. Outcomes of the project*

Participation in research internships will be one of the important stages of the scientific development of dr hab. Agnieszka Lewicka-Zelent, prof. UMCS, Dr. Dorota Chimicz and Dr. Alicja Lisiecka. Scientific publications will be prepared with the participation of Partners from both universities.
